

Thursday 12 February 8:30pm

This is the week to be off script for Acts One and Two. Please keep working your efforts will pay off as you gain more confidence. I would like to welcome our newest cast member Glen Mohns. Glen is the Legion President and will be saying the Act of Remembrance in Act Two.

Please remember to read all of the Dailies that have been posted so far. You may want to print them out and keep them with your script. This week we will be rehearsing the complete Act Two including all of the Support/Extras. As time permits we may also revisit Act One, so please come prepared. This will be our first test acting without scripts. Please be aware that Wyn has been given special consideration because of her involvement in Alice in Wonderland, but even she is working hard to become familiar with her lines.

There is no new news about our play date except that it will be between 11 and 13 June. I also do not have a date when CBC Radio will be coming to our rehearsal, but I would urge you to bring your consent forms in this week.

Page 23 has been corrected. Thank you Wyn for pointing out that I had used catwalk instead of boardwalk. If anyone else catches any technical errors please send me a Info Form. I appreciate the assistance.

Looking ahead to rehearsals after the Spring Break – we will hopefully have by then a new location for our rehearsals and begin working with props and sets. There is a lot of work to be done before then and I am counting on everyone participating. We will need to setup the Hair Salon with things like newspapers and magazines. Thanks to Julie Rilliet we will have a real Salon Chair and all the “fixins” for our show. Thanks Julie.

I hope that everyone is having fun. This is a lot of work but we are doing it for a very great cause that we all believe in and as I talk with people about our production people are very receptive. Please continue to spread the word. We need more male actors. Check out the latest Cast List to see the present openings. I must get these spots filled before the March Break. Any support that you can give would be appreciated. Just point them to our website and show them how to download the script.
